

SiteLink

SiteLink is a commercial property search engine seamlessly integrated into your company website. Provide your clients with the ability to search listings, create reports & brochures, view maps & photos and connect with associates - directly from your website.

HOW IT WORKS

Direct customers to your website

- SiteLink delivers an easy-to-use search engine for tenants, buyers and brokers to access available properties through your website
- Search result pages contain thumbnail photos as well as tools to map, report and compare listings

Quickly create listing presentations

- Generate customized print and email brochures
- Add photos, attachments, links and descriptive detail to property listings
- Password protect sensitive information

Elevate your company and associates

- All information is branded with your company logo and contact information
- SiteLink's professional directory features your associates' individual listings, transactions, specializations and more

Extend your marketing

- Enter listings one time and gain marketing exposure throughout the Catylist Network including local and national listing services

WHY IT WORKS

Seamlessly integrated

- SiteLink matches the look and feel of your website and fits tightly within your existing navigation

Customer-centric
